

FIGURE 1

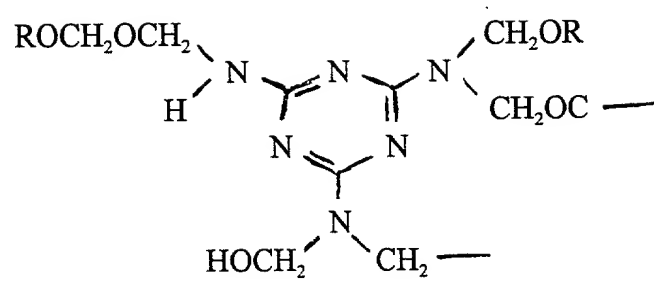

Figure 2 is a graph showing the percentage of oligomer versus the percentage of imino. The y-axis is labeled "% oligomer" and ranges from 0 to 50. The x-axis is labeled "% imino" and ranges from 0 to 0.8. The graph shows a series of points labeled x-1, x-2, x-3, x-4a, x-4b, x-4c, x-4d, x-5a, x-5b, and x-5c. A dotted line connects these points, showing a general trend of increasing oligomer percentage with increasing imino percentage. An arrow points to the point labeled x-1.
